BELLSOUTH

Safety, Service, & Security

- Strong in Federal Government
- Licenses with 43 of 50 states
- New York and Pennsylvania are enterprise (OneMap) Tele Atlas customers
- Usual agency customers include:
 - Public Safety/Law Enforcement
 - DOT
 - Homeland Security
 - Health/Human Services

Dynamap®/Transportation

Description

- Digital map content of street centerlines and addressing with routing attributes, full geocoding functionality and map display in a single data base source for GIS transportation needs
- Included are ramp structures, physical turn restrictions, one-way streets, multi-lane highway representation, arterial classification codes and more.

Connecticut OneMap Enterprise License

Includes:

- Dynamap®/Transportation
- Full state of Connecticut
- All border counties:
 - Berkshire, Hampden and Worcester in MA
 - Dutchess, Nassau, Putnam, Suffolk and Westchester in NY
 - Kent, Providence and Washington in RI
- Two (2) data shipments per year

Connecticut OneMap Enterprise License

- Unlimited users
- All employees of, and contractors for, State agencies, Municipalities and all political subdivisions of the state
- Unlimited internet usage for “Web Locator” applications where the general public may enter a single address in order to locate themselves or the nearest object of interest. Bitmaps with the appropriate copyright information

Connecticut OneMap Enterprise License

- Unified understanding of geographic location within the state and border counties usable by all state agencies and local government
- This enables:
 - Interagency cooperation & coordination of GIS data
 - Cost savings to state by eliminating redundancy
 - Standardized routable transportation database
 - Scaleable across multiple GIS applications
 - Unified emergency preparedness/response

Connecticut Map Centerline Accuracy

- Goal is \Rightarrow 95% horizontal accuracy
- Today majority \Rightarrow 99%
- PA means “positionally accurate”
